Note.—The view which this Statement affords of the Consumption of imported Commodities in Ireland is, to a certain extent, defective, inasmuch as the Coasting Regulations by which the Cross Channel Trade has been governed since the year 1825 prevent the keeping of any Record of Goods imported Duty free from Great Britain either in the case of British Productions or of Foreign Merchandise upon which Duty has already been paid in a British Port. Of the Articles included in the present Account, those for which the comparison with earlier years is most affected by this circumstance are Refined Sugar, Flax Seed, Cotton Wool, Cotton Yarn, Woollen Yarn, Raw and Thrown Silk, and Iron Unwrought.
